### Anzeige.

Das vorliegende Quartal- und Jahresbulletin, das jeweilen noch im Laufe desselben Jahres die vorläufigen Ergebnisse der Bevölkerungsbewegung in der Schweiz zur Darstellung brachte, wird von nun an in der vorliegenden Form nicht mehr erscheinen. Um allfällige Anfragen, insbesondere über die Sterblichkeit infolge infektiöser Krankheiten, deren sofortige Feststellung nach Verfluss jedes Vierteljahres von gewissen Kantonen gewünscht wird, beantworten zu können, wird das statistische Bureau die Ausscheidung der Trauungs-, Geburts- und Sterbekarten aber gleichwohl wie bisher durchführen. Auch wird in Zukunft jeweilen eine gedrängte Übersicht über die Bevölkerungsbewegung während jedes Vierteljahres so bald als möglich im sanit.-demograph. Wochenbulletin, das sämtlichen Ärzten in der Schweiz zugestellt wird, veröffentlicht werden.

### Avis.

Le présent bulletin trimestriel et annuel, qui communiquait pendant l'année courante les données provisoires sur le mouvement de la population en Suisse, cessera de paraître dans sa forme actuelle à partir de 1900. Le bureau de statistique continuera néanmoins à faire comme précédemment le dépouillement des cartes de mariages, de naissances et de décès, afin d'être à même de donner les renseignements qui pourraient lui être demandés, notamment sur les décès attribués aux maladies infectieuses et enregistrés dans les différents cantons pendant un trimestre écoulé de l'année courante. Toutefois, un résumé de ce dépouillement paraîtra le plus tôt possible dans le bulletin démographique hebdomadaire, qui est envoyé à tous les membres du corps médical suisse.
